BLUE WHALES 3D card
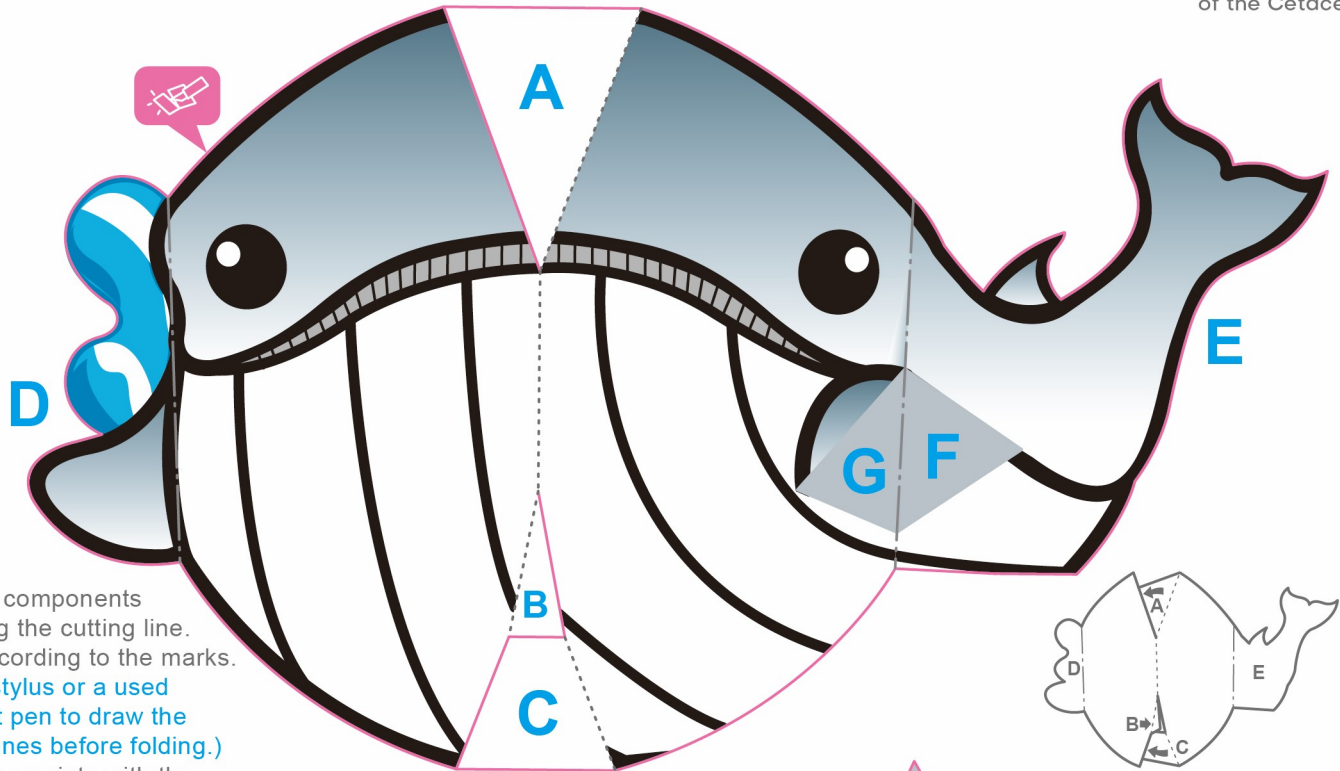

## cephalopod diy pop-up card

Steps:

1. Cut the components following the cutting line.
2. Fold according to the marks. (Use a stylus or a used ballpoint pen to draw the folding lines before folding.)
3. Paste the points with the same alphabets together (e.g., A to A, B to B).

Mark descriptions:

- Cutting line ——————
- Mountain fold - - - - - -
- Valley fold —·—·—·—

Blue whales

Blue whales are mammals and classified as baleen whales, with a body length of about 23-29 meters and two blowholes. We can see them in seas around the world. They use baleen plates to filter and eat krill.
