

ORCAS^{3D} card

cephalopod diy pop-up card

Pop-up book
of the Cetaceans

Steps:

1. Cut the components following the cutting line.
2. Fold according to the marks.
(Use a stylus or a used ballpoint pen to draw the folding lines before folding.)
3. Paste the points with the same alphabets together (e.g., A to A, B to B).

Mark descriptions:

Cutting line

Mountain fold

Valley fold

Orcas

Orcas are mammals and classified as toothed whales, with a body length of about 5-9 meters and a blowhole. Adult males are larger and have taller dorsal fins. We can see them in seas around the world but their appearance are different. They are the Ocean Hunters.
