

BIGFIN REEF SQUID ^{3D}card

cephalopod diy pop-up card

Finished product

Steps:

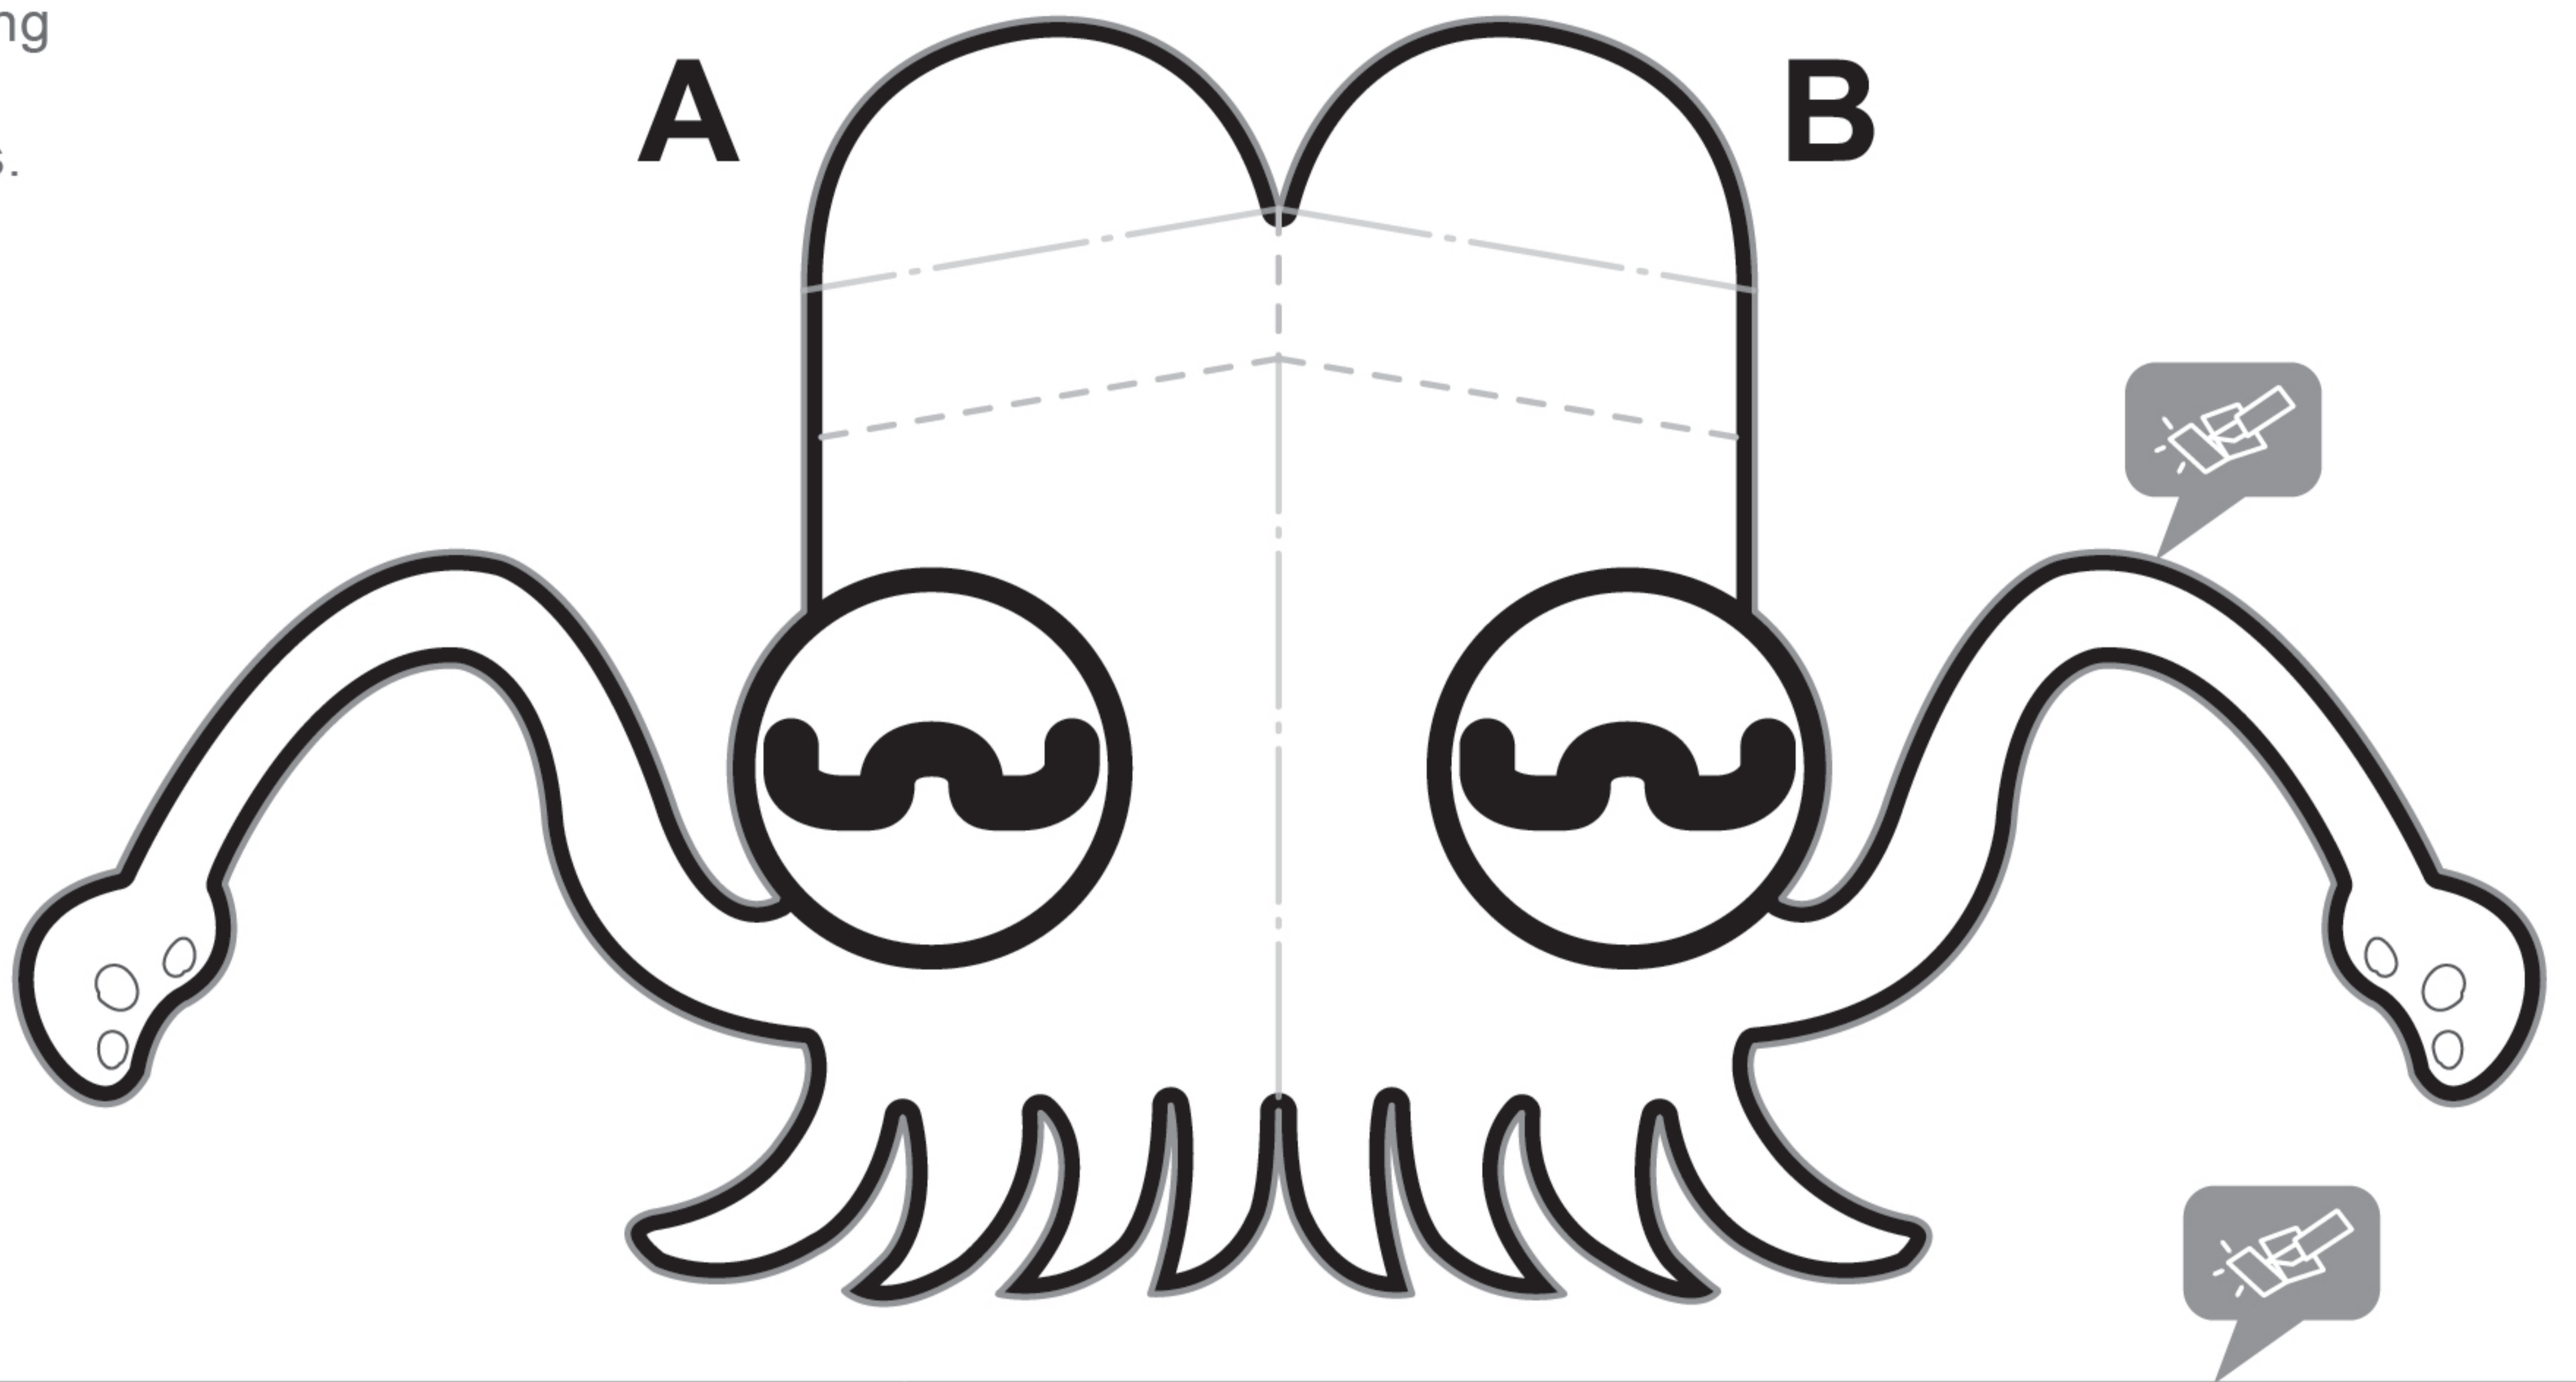

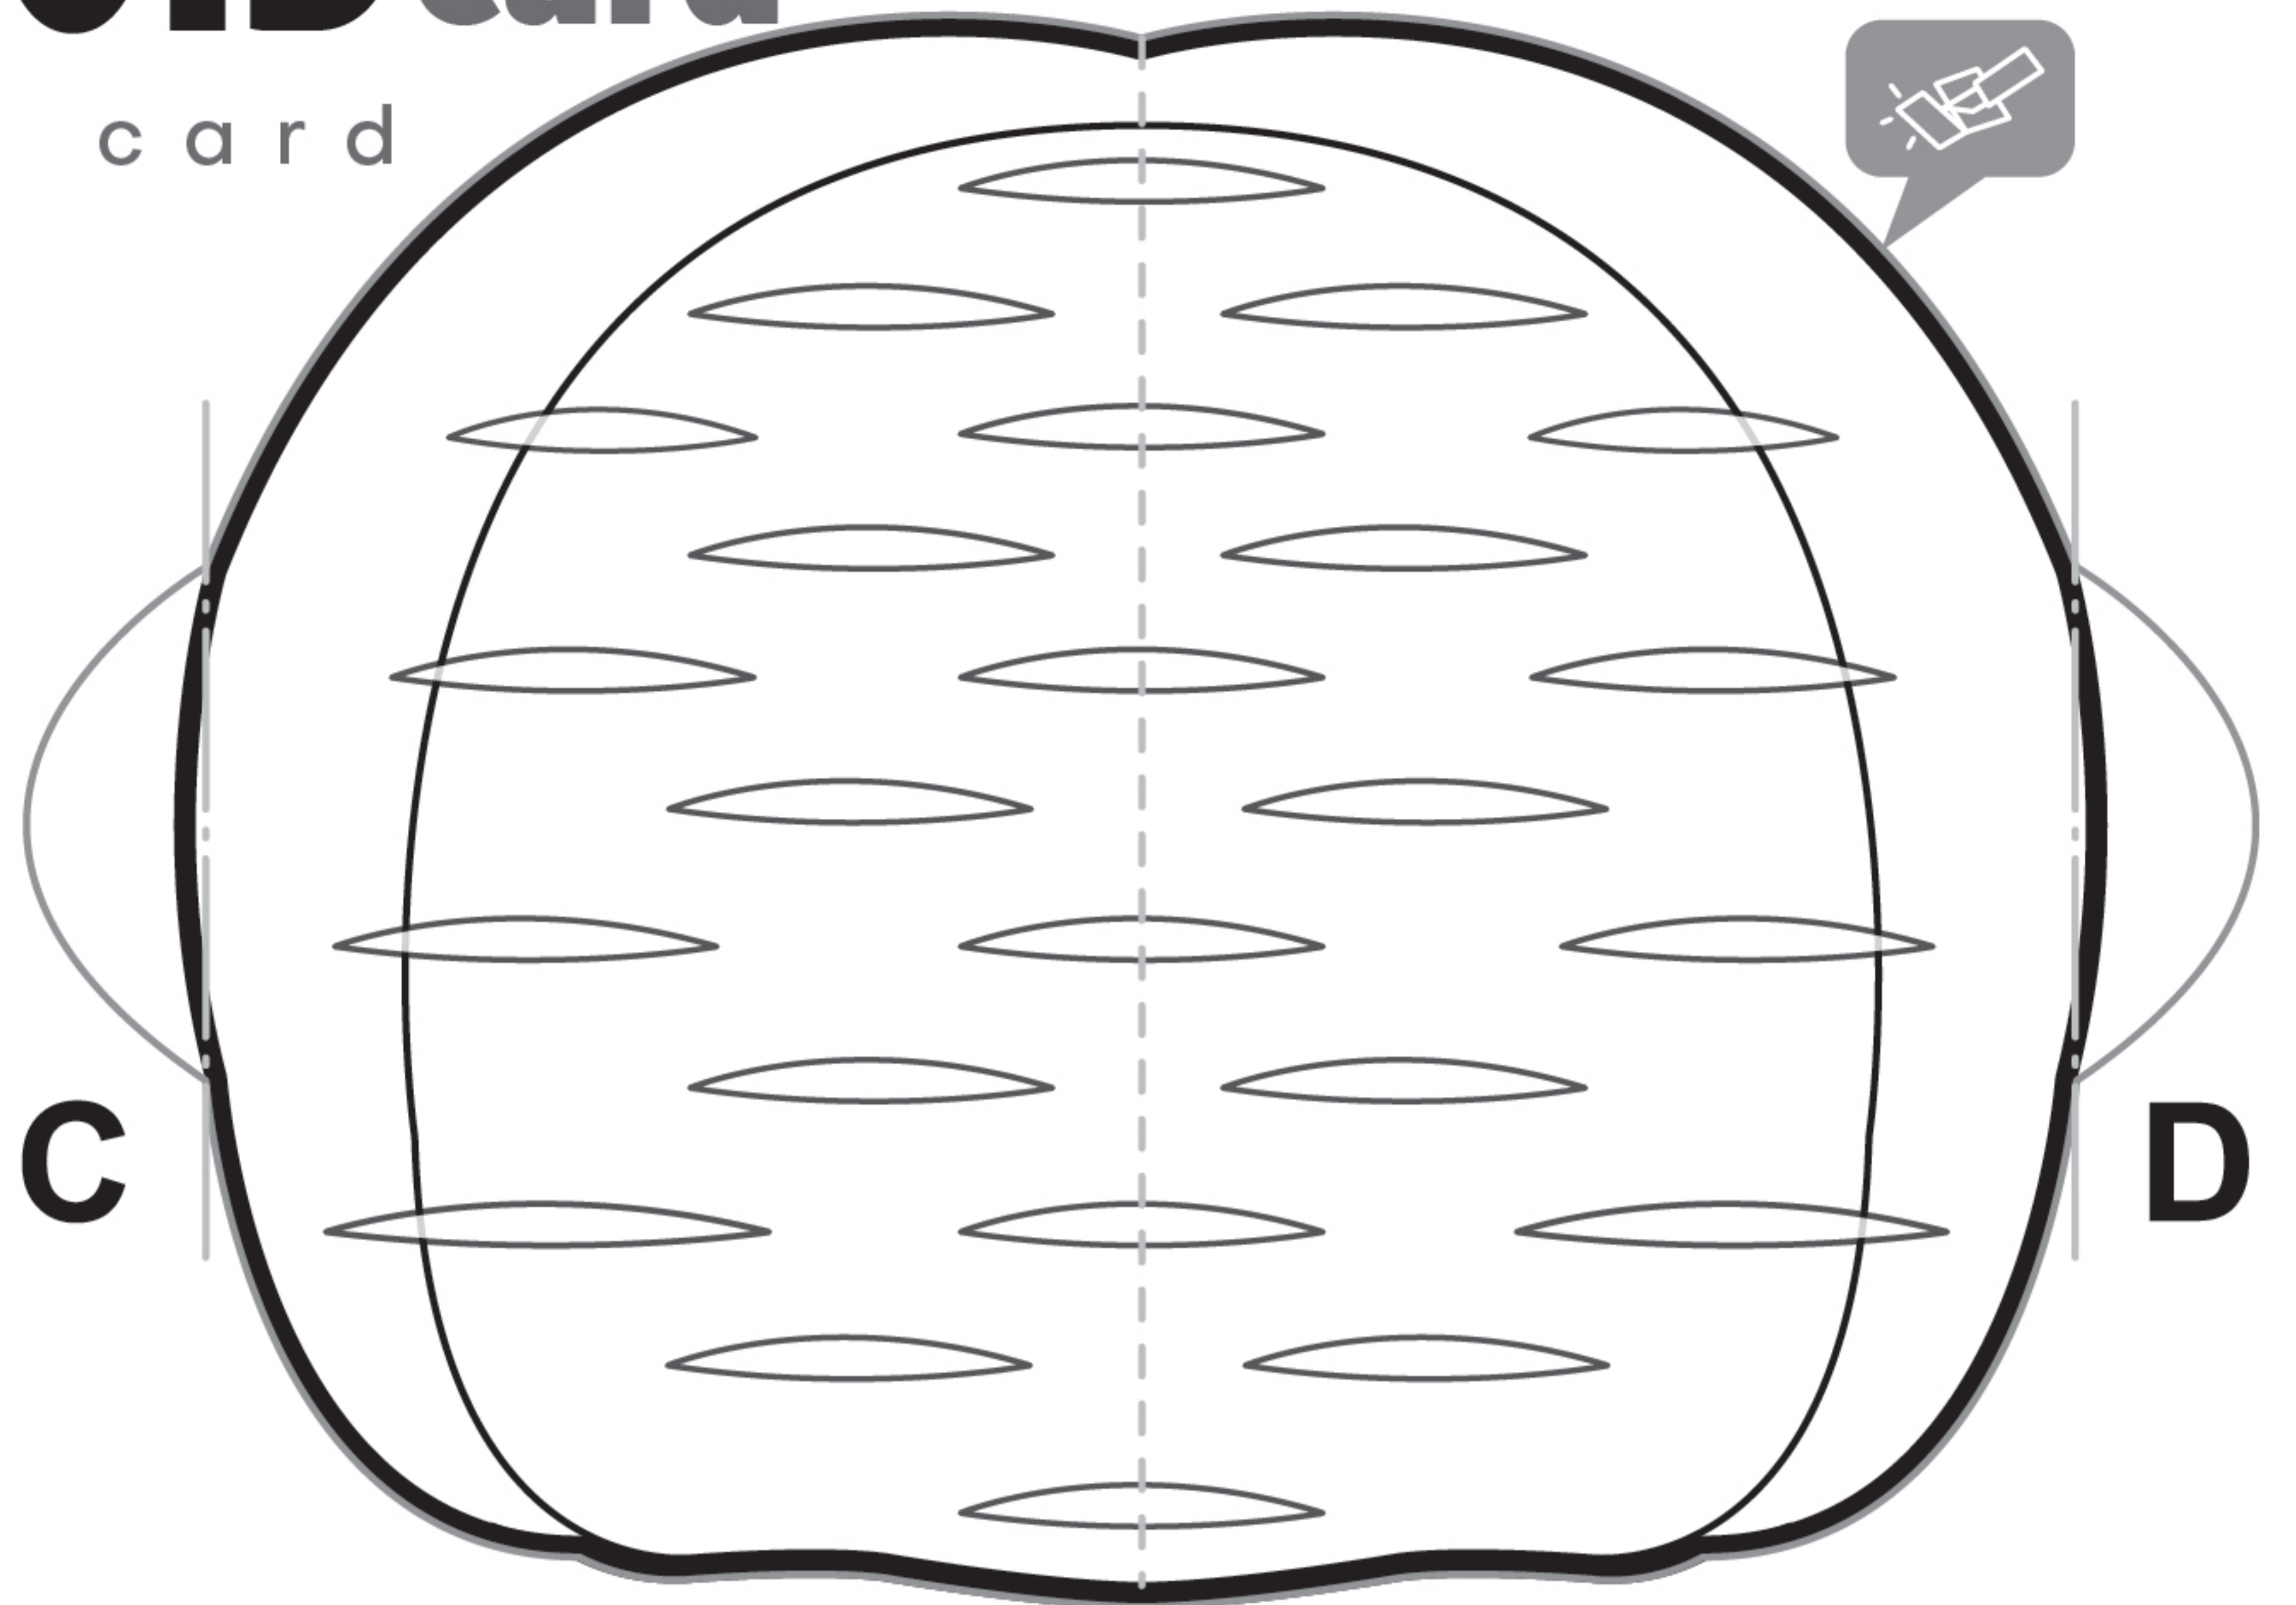

1. Cut the components following the cutting line.
2. Fold according to the marks. (Use a stylus or a used ballpoint pen to draw the folding lines before folding.)
3. Paste the points with the same alphabets together (e.g., A to A, B to B).

Mark descriptions:

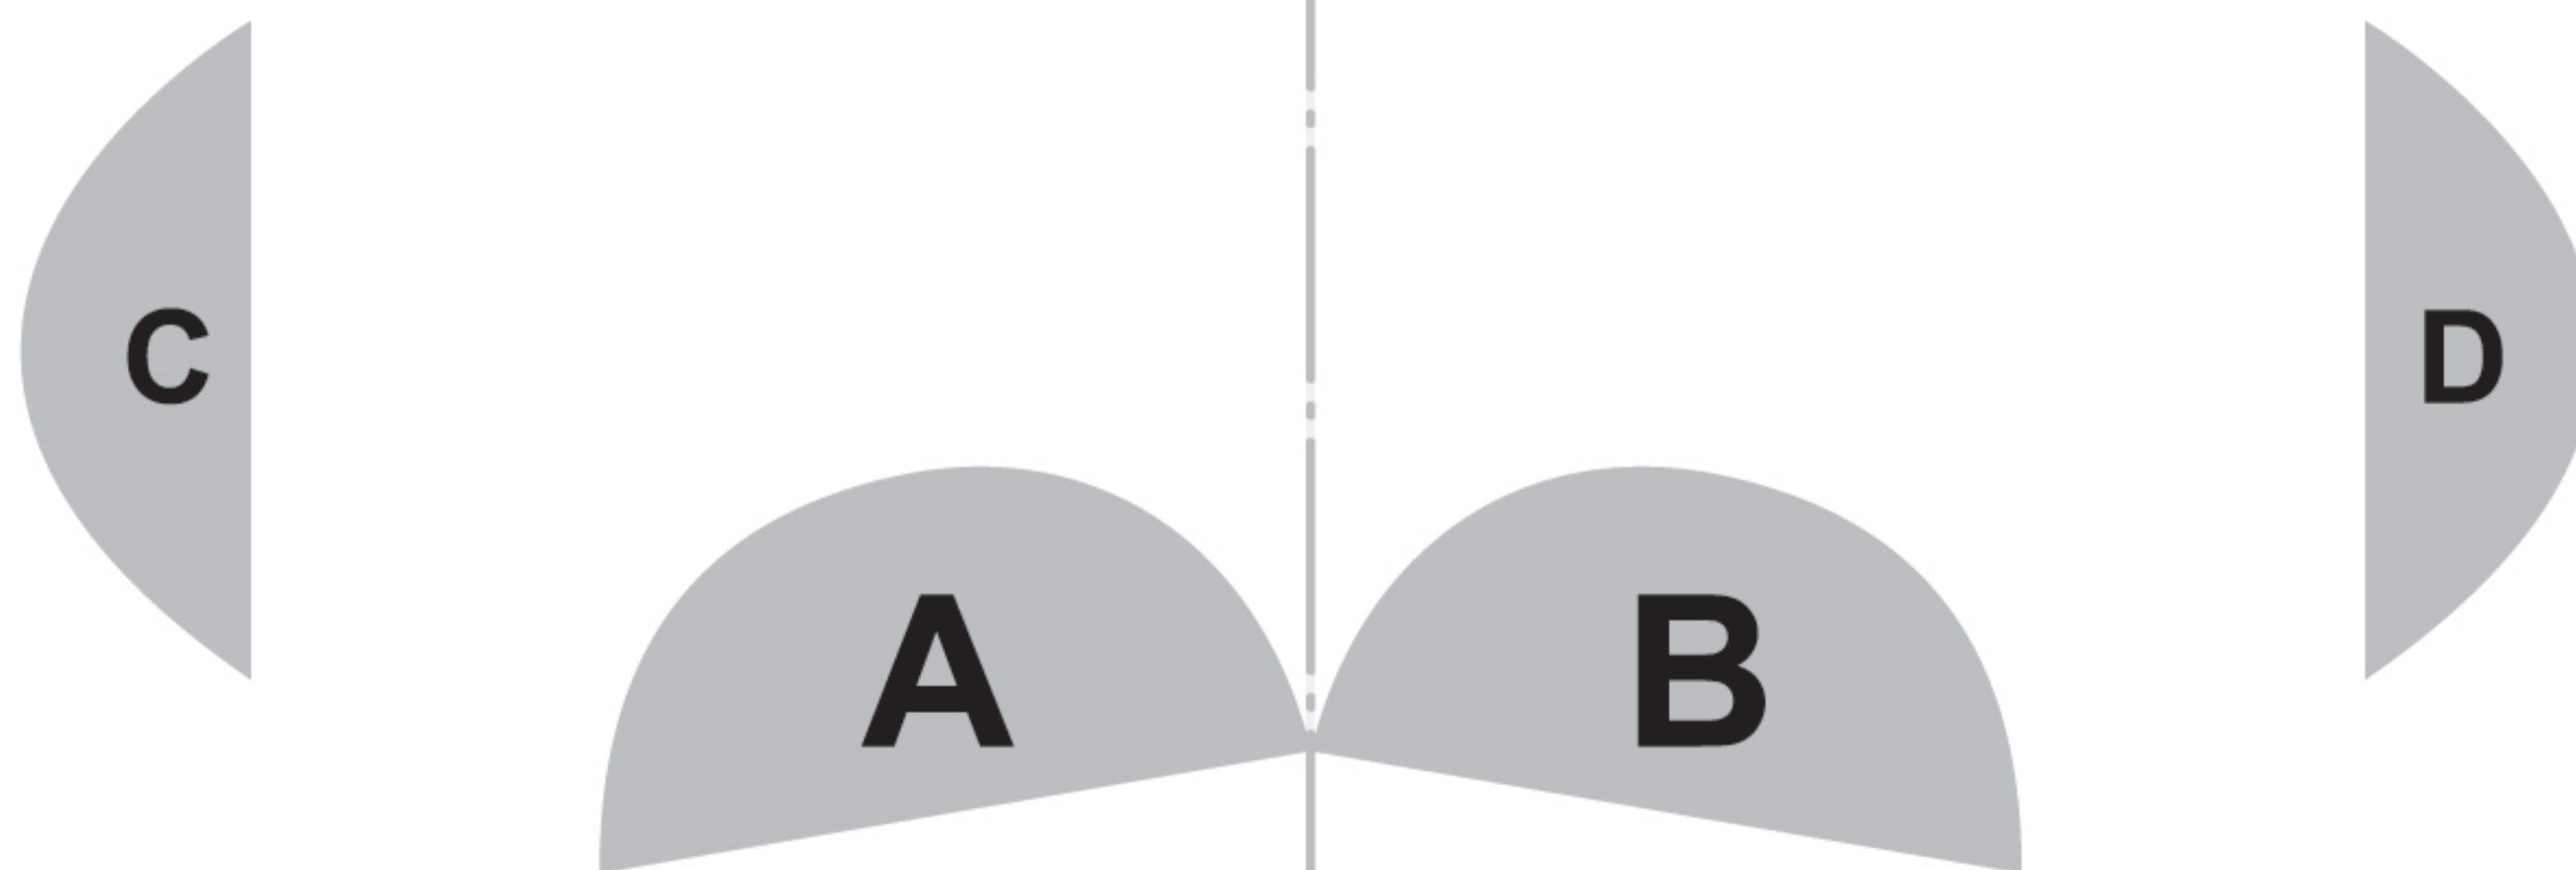

Cutting line

Mountain fold

Valley fold

Bigfin reef squid

Has 10 arms, a transparent bone sheath in the mantle, and eyes with corneas. Its fins are thick and broad, attached to nearly the entire mantle, and they are connected to the tail.
