

# CUTTLEFISH 3D card

cephalopod diy pop-up card

Finished product

## Steps:

1. Cut the components following the cutting line.
2. Fold according to the marks.  
(Use a stylus or a used ballpoint pen to draw the folding lines before folding.)
3. Paste the points with the same alphabets together (e.g., A to A, B to B).

## Mark descriptions:

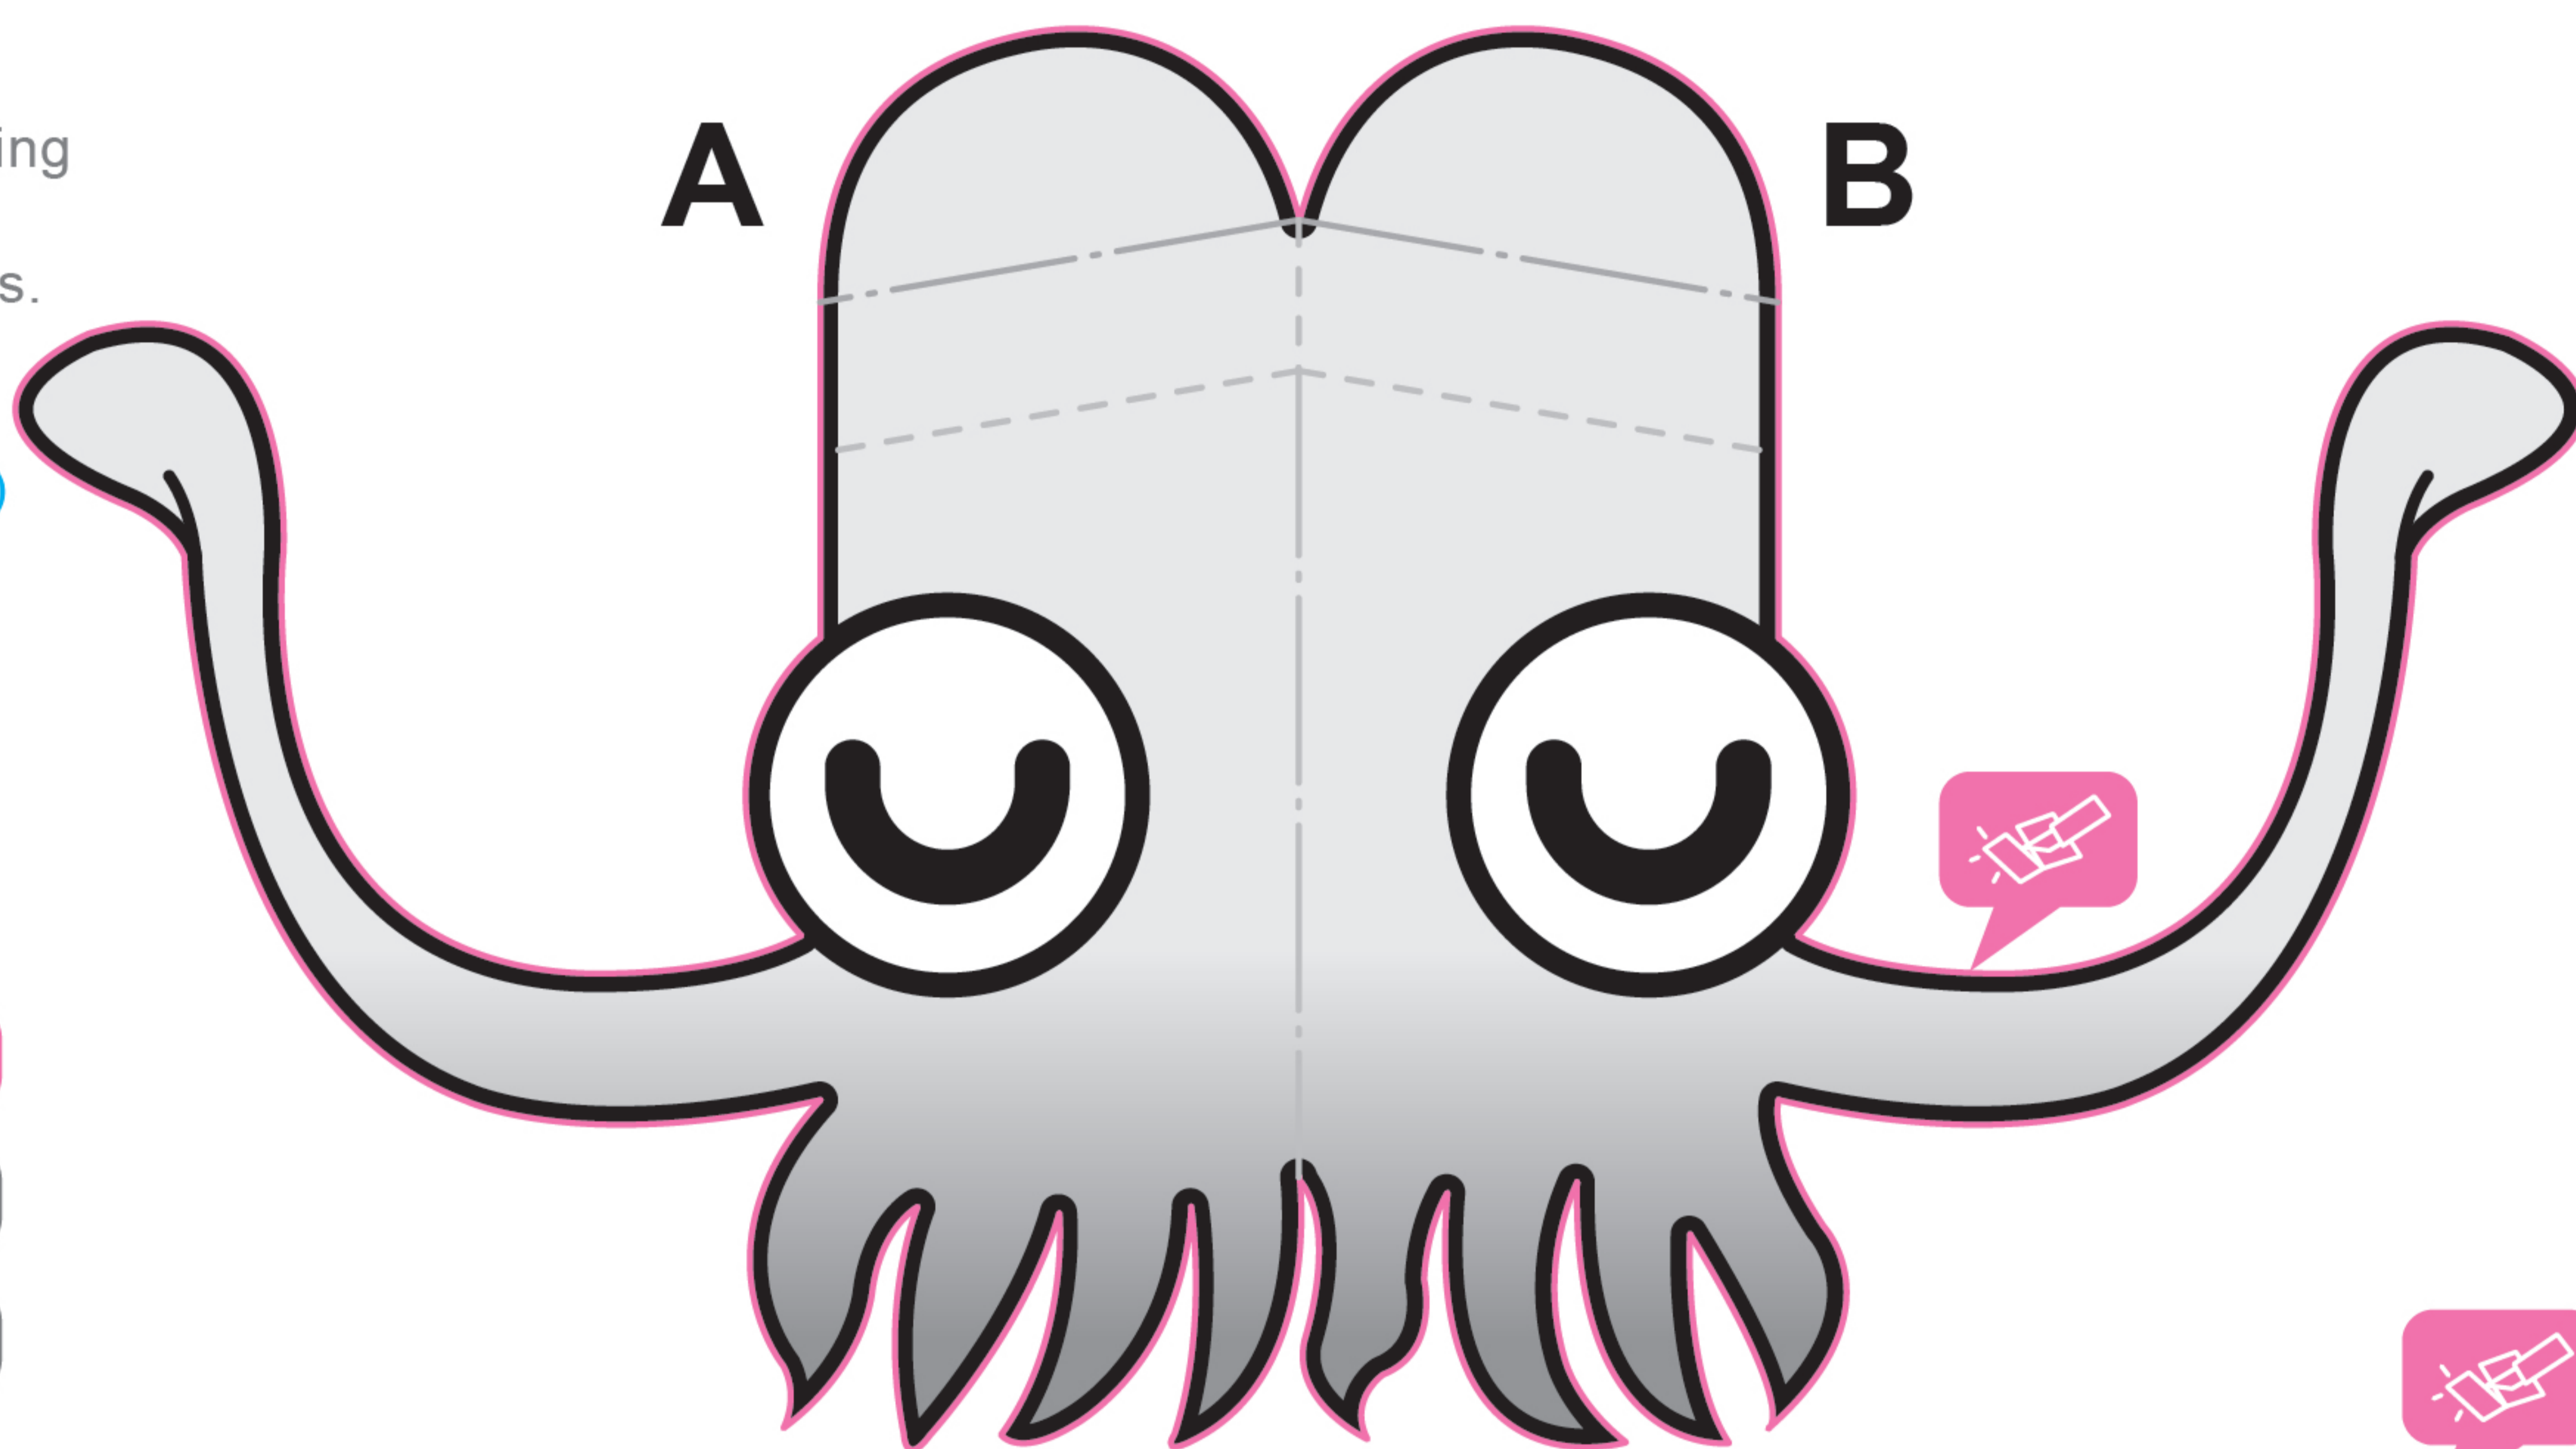

Cutting line

Mountain fold

Valley fold

## Cuttlefish

Has 10 arms, a white thick bone plate in the mantle, and eyes with corneas. Its fins are thin and short and surround the mantle, but they are not connected to the tail.
